# Dog Bone Pillow

Finished size: 11" x 7.25"

## Instructions

1. Cut out paper pattern.
2. Fold fabric in half and place pattern along the folded edge. Pin pattern to fabric and cut. Repeat so you have two dog bone pieces.
3. Pin the pieces right sides together. Sew around the edges using a 1/4" seam allowance, leaving a 3" gap in the middle. Cut small notches in the corners and around the curved edges.
4. Flip pillow right side out and stuff with fiber fill. Hand stitch the opening to close the pillow. Your pillow is complete!
